

Jason C. King, M.D., M.P.H.

Dr. King specializes in sports medicine, with a particular interest in arthroscopic treatment of the shoulder, elbow, hip and knee. Dr. King provides comprehensive orthopedic care for most of the major joints. In his practice, he emphasizes arthroscopic surgery to promote a faster recovery, and he also provides general orthopedic care, fracture and trauma management, as well as total joint replacement. As an avid sports enthusiast, Dr. King understands the finer aspects of caring for athletes of all ages and skills, from professional athletes to the weekend warrior.
