

# Sean D. Toomey, M.D.

*Dr. Sean Toomey is a fellowship trained orthopedic surgeon who specializes in primary and revision hip and knee replacement. He performs over 300 hip and knee replacement procedures each year. He is actively involved in clinical research on alternative bearings for hip replacement surgery, and newer more innovative designs of knee replacement, including performing the first Robotic Assisted knee replacement in Seattle. Dr. Toomey has published research in peer-reviewed journals and has given lectures on joint replacement topics both nationally and internationally. Dr. Toomey is committed to using the best techniques available for patients today, while working to improve surgical options for patients in the future.*

## About Dr. Toomey

Dr. Toomey became interested in orthopedic surgery as he grew up watching his father, Dr. Hugh (Pete) Toomey, also a joint replacement specialist, interact with patients. Dr. Sean Toomey, formerly the Assistant Chief of Orthopedic Surgery at Swedish Medical Center, was instrumental in contributing to the clinical and operational design of Swedish Orthopedic Institute in Seattle, Washington. Dr. Toomey is an avid soccer player, and played collegiately for the University of Notre Dame. He now enjoys coaching his kids playing soccer, as well as teaching them to snow ski.
